To Whom it May Concern:

It is my pleasure to recommend Daniel Craig for admission to Master of Science in Analytics at North Carolina State University. I have been Daniel's direct supervisor in my capacity as the Chief Financial Officer at Daedong-USA, Inc., KIOTI Tractor. Daniel has been employed at KIOTI Tractor for four years as our IT Supervisor/Database Specialist.

Throughout his time at KIOTI, Daniel has taken the lead on many projects for our company. These projects exemplified his ability to conceptualize problems with innate technical aptitude. Daniel has a special skills in paying close attention to detail in which helped process improvements through out the company. Especially in the area of improving our security over the past two years and implementing many techonogies i.e. Veem, MFA, Phishing campaigns, and SIEM/SOC monitoring with vendors. Daniel was very instrumental in improving company SQL reporting and integrity of the company's data. He has shown genuine commitment to goals, ability to understand detailed processes, and achieving company wide objectives. He accomplished these tasks with a great initiative and passion with a driven energy.

Daniel has a wonderful rapport with his fellow co-workers. He has a special talent in understanding detailed processes between departments and creating accurate and applicable solutions to them with technology. He is diligent and highly competent with great work ethic.

Daniel is a valuable member of our organization whom we have learned we can rely on, regardless of the difficulty of the task on hand or the novelty of the challenge. His combination of intelligence, commitment, preservance, and creativity will certainly make him a valuable member of any academic program.

I encourage you to look favorably upon his application.

Sincerely,

Yung Park

Chief Financial Officer
